Neurology

We'll take care of your head. You get on with your life.

ESCAPE MANAGED CARE and move to a beautiful western Montana university town.

Our well-managed and established neurobehavioral group is seeking a motivated psychiatrist.

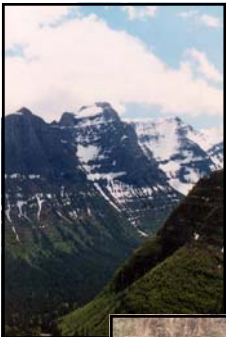

- Group includes three psychiatrists (one neuropsychiatrist, one child psychiatrist and one adult psychiatrist), two clinical psychologists, two neuropsychologists and three neurologists.
- Busy practice is quickly anticipated from both **internal and regional referrals**. Inpatient and outpatient practice opportunities.
- Excellent **research** opportunities through the Montana Neuroscience Institute and a progressive, **collaborative** relationship with the local 200+ bed community hospital, which serves a large region.

The lifestyle is extraordinary.

In our Montana community:

- The University of Montana
- Montana Neuroscience Institute
- St. Patrick Hospital and Health Sciences Center
- Community Medical Center
- Missoula International Airport
- And...

- Hiking
- Fishing
- Water sports
- Shopping
- Culture
- Skiing
- Sporting events
- Theater
- Arts

For more information direct CV and inquiries to: Amy Shoales Practice Manager, PO Box 8169, Missoula, MT, 59807; E-mail to AmyS@mtneuro.com or call Amy Shoales at (406) 327-3371.
